NAVITRAC®
NMS20

MIXED SERVICE WIDE BASE

The Navitrac NMS20 super single tire delivers exceptional performance in mixed service applications. The NMS20 is engineered with a 4-belt package to deliver superior resistance to shocks and penetrations. Its aggressive tread design provides excellent traction off-road and on. The NSM20 features wide circumferential grooves which deliver enhanced wet traction. The center groove is engineered with stone ejectors to prevent stone drilling for a long casing life and improved retreadability. The NMS20 is designed to handle severe service applications such as heavy construction.

Features and Benefits:

- Deep tread depth for excellent tread life
- Solid shoulder resists uneven wear
- Enhanced rubber compound resists cutting & chunking

Applications:

- Regional Trucks
- Dump Trucks
- Refuse Trucks
- Mix Concrete Trucks
