

ST538 NEW

With its 26/32" tread depth on the standard sizes and the 10,200lbs. load carrying capacity on size 315/80R22.5, the ST538 is an outstanding performing On- and Off-Highway Mixed Service All-Position Tire.

- Deeper tread depth increases mileage and time in service.
- Uniform tread depth and smooth block edges help prevent irregular wear.
- Thick curbing ribs help shield the casing from sidewall damage.
- Stone ejectors protect the casing from damage in the base of the groove.
- Application specific tread compounds resist tread chipping in high-scurf on and off-road applications.

ST530 NEW

The ST530 is the Premium Wide Base Mixed Service All-Position Line that promotes regular wear and extended tread life.

- Wide tread and high tread-to-void ratio helps extend tread life.
- Larger hexagonal blocks provide uniform stiffness and reduces irregular wear.
- Larger block corner angle resists irregular wear.
- Stone defense features protect the casing from damage.
- Thick curbing ribs help shield the casing from sidewall damage.

About Sumitomo

Sumitomo Tires is the premium export brand of Sumitomo Rubber Industries, Ltd. (SRI) and is one of the most successful and influential tire manufacturers in the world.

Within the tire industry, Sumitomo enjoys a well-earned reputation for innovative design, precision engineering, and superior quality. We are a global brand that competes on the basis of product value and real world performance.

The principles of our founder, Masatomo Sumitomo insisted upon reliability and trust over 400 years ago and the Sumitomo business spirit continues that proud tradition.

At Sumitomo Tires, we create unmatched value for our consumer by standing firmly upon traditions of the past and focusing on the possibilities of the future.

Why Sumitomo

- High quality tires from the 6th largest tire manufacturer in the world
 - 13 global production facilities
 - Kobe, Japan Global Technical Center
- Wide market coverage
 - 68 SKUs covering all major vocational segments
- Tier One Quality at a Value Price Point
- Outstanding Performance and Retreadability
 - Strong Warranty – 6 Years/2 Retreads

Did You Know?

Did you know that Sumitomo’s extensive product offering includes many hard-to-find sizes?

The Sumitomo ST718, available in 8R19.5, is an excellent all-position truck tire suitable for medium duty commercial applications including dump trucks, interstate buses and urban and metro fleet operations.

ST718

METRO SERIES RIB

Features & Benefits

- Sumitomo all-steel casing construction resists punctures, increases vehicle stability and contributes to more retread cycles.
- Application specific tread compound resists the effects of scuffing from sharp turns and promotes long mileage.
- Curbing ribs help shield the casing from sidewall damage.

 			
Product Code	Tire Size	Service Desc.	Load Range/ Ply
5530045	8R19.5	124/122L	F/12

ST717

UTILITY SERIES ALL POSITION RIB

Features & Benefits

The Sumitomo ST717 and are all-position tires built tough with four-steel-belt casing construction that resists punctures contributes to overall retreadability. Designed for a variety of applications, some of the specialty sizes are available as seen below.

    			
Product Code	Tire Size	Service Desc.	Load Range/ Ply
5530438	9R17.5	129/127K	14
5530442	11R17.5	137/135K	14

ST727

UTILITY SERIES ALL POSITION RIB

Features & Benefits

The Sumitomo ST727 are all-position tires built tough with four-steel-belt casing construction that resists punctures contributes to overall retreadability. Designed for a variety of applications, some of the specialty sizes are available as seen below.

    			
Product Code	Tire Size	Service Desc.	Load Range/ Ply

5530546	9R22.5	136/134L	14

ST719

PREMIUM REGIONAL ALL-POSITION RIB

Features & Benefits

- Wide tread face for increased vehicle stability.
- Anti-Scrub tread compounds.
- Advanced casing design for improved retreadability.
- Stone ejectors in the base of the tread groove to promote casing integrity.

   			
Product Code	Tire Size	Service Desc.	Load Range/ Ply

HANKOOK AH37

ST909

PREMIUM REGIONAL OPEN SHOULDER DRIVE

Features & Benefits

- Deep shoulder blocks for increased traction.
- Significantly wider tread face offers more consistent retreadability.
- Stone ejectors protect the casing from damage in the base of the tread groove.
- Advanced Y-shape groove design improves stone ejection, traction, and contributes to long tire life.

   			
Product Code	Tire Size	Service Desc.	Load Range/ Ply
5533052	11R22.5 TL	146/143L	16
5533082	225/70R19.5 TL	128/126N	14
5533059	11R24.5 TL	149/146L	16
5533087	255/70R22.5 TL	140/137M	16

COMPETITION:
HANKOOK DH06 & DH07

ST918

REGIONAL/ URBAN DRIVE

Features & Benefits

- Radial shoulder ribs act like traction bars and stabilize the tread for long life in commercial service.
- Center island tread elements for traction during wet or dry maneuvers. Reinforcing "bridges" of rubber tie the tread package together for vehicle stability and resistance to irregular wear.
- Multi-phase shift tread pattern minimizes tire noise.
- Curbing ribs help shield the casing from sidewall damage. • Sumitomo all-steel casing construction resists punctures, increases vehicle stability and contributes to more retread cycles.

 			
Product Code	Tire Size	Service Desc.	Load Range/ Ply
5531782	225/70R19.5 TL	128/126M	14

HANKOOK Z35A & DH077

ST719SE

PREMIUM REGIONAL STEER

Features & Benefits

- Deep 21/32" tread depth for maximum mileage in the steer position.
- Stone ejectors in the base of the tread groove promote casing integrity.
- Wide solid shoulders evenly dispense contact pressure for long, even wear with high-wear-performance tread compound to boost resistance to tread scrubbing.
- Wavy tread groove design to resist tread groove strain while slightly stiffening shoulder rigidity for improved handling.
- Built with SmartWay® Verified technology.

  			
Product Code	Tire Size	Service Desc.	Load Range/ Ply
5533352	11R22.5 TL	146/143L	16
5533375	295/75R22.5 TL	146/143L	16
5533359	11R24.5 TL	149/146L	16

COMPETITION:
HANKOOK Z35A & AH037

ST938

LONG HAUL CLOSED SHOULDER DRIVE

Features & Benefits

- Extra deep 30/32nds tread depth promotes extended mileage wear.
- Closed-shoulder tread design provides long, even wear while providing excellent traction.
- Heavy-duty casing provides stability and promotes retreading.
- Stone drilling buttons protect casing for long life.
- Increased base rubber dissipates heat while running at high speeds in long-haul operations.

  			
Product Code	Tire Size	Service Desc.	Load Range/ Ply
