

ST900 Extra Deep Lug

A rugged drive tire designed for off-highway operations. From the rust inhibitors on its internal steel components to its deep 31/32" tread depth, ST900 is built from the inside-out to be durable and long wearing.

FEATURES & BENEFITS

- 31/32" tread depth provides more traction and longer wear.
- Application specific tread compound resists cutting and chipping.
- Sumitomo four steel belt casing construction resists punctures, increases vehicle stability and contributes to more retread cycles.
- Special liner compound helps keep moisture from entering the casing.
