

CROSSWIND ULTRA SPORT+

Exceptional handling

- **Asymmetric pattern design:** for superior grip performance
- **BPT (BALANCED PRESSURE TECHNOLOGY):** increases the contact patch and improves the dry grip
- **HIGH-DENSITY 3D SIPES:** enable great control, braking and cornering performances

Confident Driving in All Seasons

- **DRAINAGE SUPPORT SYSTEM:**
The ridge design creates an enhanced drainage system and disperses water more quickly.
Four main longitudinal grooves improved wet performance.
